### Imperial Polarine Available Everywhere

WHEREVER you turn, throughout the length and breadth of Canada, you can secure the grade of Imperial Polarine you now use for lubrication, exactly the same uniform grades are sold by dealers everywhere from Halifax to Vancouver.

Imperial Polarine reduces your greatest expense—depreciation, yet costs less than storage, tires, repairs or gazeline. It reduces friction to a minimum, maintains a piston-tight read under heaviest engine heat, helps the engine extract the last ounce of power out of gasoline.

Imperial Polarine is sold by good dealers everywhere in sealed one-gallon and four-gallon cans, half-barrels and barrels, also in 12½-gallon steel kegs, the bandy size for the home garage. Buy the larger sizes to save money.
